H2020 ONLINE MANUAL

Find the European Union funding opportunities and search for new or closed calls, grouped by the following programmes:

- **Horizon 2020 - EU research funding from 2014**
- **Seventh Framework Programme (FP7)**
- **Competitiveness and Innovation Framework Programme (CIP)**
- **other research and innovation programmes**

Horizon 2020

Horizon 2020 is the new EU funding programme for research and innovation running from 2014 to 2020 with a €80 billion budget. The first calls for proposals for Horizon 2020 were published on 11 December 2013. The Commission and grant participants tasks. For practical guidance, see the [H2020 online manual](#).

H2020 supports SMEs with a new instrument that runs throughout various funded research and innovation fields, so it should be easy for SMEs to find opportunities in many calls.

H2020 also aims to enhance EU [international research cooperation](#) so there are more opportunities for Third Country participation.

COSME

Programme for the Competitiveness of Enterprises and SMEs (COSME) will run from 2014 to 2020, with a planned budget of €2.3bn. It will facilitate SME access to finance, create supportive environment for business creation, help small businesses operate outside their home countries and improve their access to markets.

3rd HEALTH PROGRAMME

The [Third Health Programme](#) will run from 2014 to 2020, with a planned budget of 449 million EUR. It will support actions that complement, support and add value to the policies of the Member States to improve the health of EU citizens and reduce health inequalities by promoting health, encouraging innovation in health, increasing the sustainability of health systems and protecting Union citizens from serious cross-border health threats.

CONSUMER PROGRAMME

The [Multiannual Consumer Programme](#) 2014-2020 has a planned budget of 188 million EUR. It will support actions that ensure a high level of consumer protection, that empower consumers and that place the consumer

Beneficiary Register

H2020 ONLINE MANUAL

The Commission has an **online register of the beneficiaries** participating in the EU research and innovation or education, audiovisual and cultural programmes. This allows consistent handling of the beneficiaries' official data and avoids multiple requests for the same information.

If you want to participate in a project proposal, your organisation needs to be registered and have a **9-digit Participant Identification Code (PIC)** that is the unique identifier of your organisation and will be used as a reference by the Commission in any interactions.

Is your organisation already registered? Search PIC

As you have to register your organisation only once, please see first if it has already been registered.

SEARCH

If you did not find your organisation in the register, you can start its registration below.

Register your organisation

Please note that you need to have a valid ECAS account to start registering your organisation or update its data. Login in the Portal or [create your account](#), if you are a new user.

Please keep the legal data of your organisation at hand. You may check the information that will be necessary for the registration in the [user manual](#). To start registration, click on the button below.

Health Programme: a new call for expressions of interest for experts is launched

26 February 2014

The 2011 Call for expressions of interest for experts in the area of public health has expired in December 2013.

The new 2014 Call for expressions of interest for experts is now published in the Supplement to the Official Journal **N° 2014/S 040-065407**.

The call remains open for the duration of the new EU Health Programme (until the end of 2020). Any person interested may submit an application during this period, with the exception of the last 3 months. The Consumers, Health and Food Executive Agency will draw up a list of applicants who meet the eligibility, exclusion and selection criteria set out in the Call. The experts on the list may be offered a contract to support activities, as described in the Call, in connection with the EU Health Programme.

The personal data collected in the context of the 2014 Call for expression of interest is processed in accordance with the [Regulation \(EC\) N° 45/2001](#). For more information about the protection of the personal data of the applicants, please refer to the privacy statement available in the online application form.

Abstract:

WP4 mobilises MS to carry out alcohol surveys using a common methodology and to pool data for comparative assessment in order to produce a baseline for comparative monitoring of drinking levels and patterns and alcohol related harms across the EU. The ultimate objective is to provide methodological and policy pointers and increase interest in carrying out common surveys in the future.

WP5 combines scientific knowledge on risks and experiences of the use of drinking guidelines to clarify their scientific basis
